Dear Trainee,

My name is Noah F. and im so thankful for such a brave person like you to enlist into the military.

For you to work during the holidays and to not spend time with your family. It takes such a strong and really brave person to do such a thing.

I'm really thankful for you to serve our country and to spread peace to our country. H. Jackson Brown Jr. Once said "The best preparation for tomorrow is doing your best today."

I'm so happy for you to train to serve our country and to work to give other people a great life.

I really wish I could hear back from you to see if you had a good holidays. And hopefully You do and you are able to do a good thing serving our country.

P.S. Have A Happy Holidays

Sincerly Noah F.
